Mission

ASKWEL Solution is committed to providing residential, commercial and government property owners with professional electrical and HVAC solutions that address their energy needs in affordable, practical and environmentally sustainable ways. Our goal is to inform, educate and serve consumers individually and communities in general. Quality, integrity and efficiency are the hallmarks of this endeavor.

Past Performances

Since its establishment in March 2014, ASKWEL Solutions has acquired a diverse clientele of property owners and property management companies. Listed below are highlights of the work performed for a select few.

The South Holland Post Office: ASKWEL Solutions performed Diagnostic Assessments and Evaluations, Cleaning and Filter Change for a 15,000 BTU Trane Furnace used by this federal government facility in South Holland, Illinois.

Property Preservation Company: In an ongoing contract with this property management company in Lansing, Illinois, ASKWEL Solutions performs Electrical Inspections of single family homes and multi-unit residential dwellings located in Chicago and the surrounding suburban areas.

Residential Property Owners: ASKWEL Solutions has provided a full range of electrical and HVAC services for single family homes and multi-unit dwellings throughout Northeast Illinois and Northwest Indiana.
